

Dommer-CV Helen Banks

I'm married to Eddie and we live with our boxers, bulldogs, a horse, chickens and 3 cats in the village of Lenton in Lincolnshire, UK. We both showed boxers separately in the 1970's with Eddie's affix being Sunhawk and mine being Norwatch. The affixes were combined in the early 1980's when we bred our first litter together.

The foundation of our kennel was formed by two very famous brood bitches, the record breaking Norwatch Mustang Wine who produced 5 champions and Ebony Eyes of Winuwuk who produced 3 Reserve CC winners. Since my first Champion, Norwatch Brock Buster 17 more champions have followed winning well over 120 challenge Certificates and 140 Reserve Challenge Certificates.

Eddie and I were both very fortunate in being asked to judge at Crufts in 2011, I judged the bitches and Eddie judged the dogs. This was the first time and only time so far that a husband and wife combination has had this honour. Besides judging in the UK on numerous occasions, I have judged in Australia, Sweden and Malta.
